

Dear Patients,

It has been an honour and a pleasure to care for your oral health needs over the past 40 plus years, including 30 years at the Forest Valley location.

It is with mixed feelings that I have decided to transition to retirement.

I want to share some important news with you.

As I transition my practice, I am pleased to introduce Dr. Natasha Rizk who will be taking over in the coming months. She will continue your dental care and provide the same professional excellence and superb service I have strived for. We share the same philosophy on patient care and preventative needs.

Dr. Rizk is an experienced, compassionate dentist and a longtime, local Orleans resident. She will be joined by her husband, Dr. Andrew Denardo, who is equally committed to upholding the high standards of care that you have come to expect, with a focus on patient comfort. I am confident that you will find them to be warm, friendly and accomplished dentists.

The transition will be gradual to provide a seamless experience for all. I will work with Dr. Rizk and Dr. Denardo to ensure the continuity of your care.

Our real strength is our excellent team, please reach out to us with questions or concerns.

I know I am leaving the practice in good hands with Dr. Rizk and Dr. Denardo.

It has been truly special to treat generations of families—first patients, then their children, and later their grandchildren. I feel like we have built an extended family, and this means so much to me.

I thank you all for being part of your oral health journey. You have taught me more than you will ever know. Again, it has been an honour and a pleasure. I extend my very best wishes for your continued health and happiness.

Warmest regards.

Dr. Beverley McKeown
